ONE IS KILLED AND TWELVE HURT IN MINE EXPLOSION

Birmingham Ala. March 21—A pocket of gas exploded in the third right shaft entry in the Indian mines fourteen miles north of Birmingham in Jefferson county at 7:30 o'clock Monday and one man was killed, two fatally burned and ten others more or less seriously injured.

The explosion was from a naked lamp on the heading of the entry and Charley Duffy who was the only man killed was the head man on the entry. He was not killed by the explosion but suffocated from the after damp or black damp following.

There were eighty-three men in all in the mines at the time of the explosion and while there was much excitement the men, even those burned by the first flash managed to get out safely.

Dr. E. P. Pruitt the company physician has the injured men attended and not them resting, wait until a special train sent out from Birmingham brought ten of them back to the city. They were carried in ambulances to the South Highlands Infirmary for treatment.

Two miles were killed by the after damp following the explosion. Only four pieces of brattice work in the mines were torn down and after an investigation by an assistant mine inspector Tuesday a resumption of operations will be started. All but three of the men killed or injured in the explosion were white men.

Charley Duffy who was killed was the son of W. M. Duffy who with four sons work in the Indian mines. They formerly lived at Leeds near Lewisburg.

THE BELL SWARMED

Some Children Get a Lesson Not in North House—Swarm of Bells Came Out Near School Building This Morning and Outrigger Exercises Were Held.

This morning, I was officially announced that spring was here. A hive of bees near the Grammar School building, on College, and Newton Streets swarmed the owner of them got out with a tin can and began to beat it. The teacher in the lower grades knowing what was up marched their grade out and near where the bees were being exterminated the teacher made some explanation about the habits of the bees and a lesson was given the children

that they could not have learned from their books.

Probably not a child in the lower grades knew that bees had a habit of swarming, and that's a new lesson it about this season. It was a thoughtful job for the teachers to play and very good purpose.

Mrs. Flowers' "Easter Tea"

The "Easter Tea" held at the pretty and commodious home of Mrs. J. J. Flowers under the auspices of the Primary Department of the First Methodist Church on Yesterday afternoon and evening was marked by a completeness of arrangement and sociability which assured success.

In the hall where nasturtiums and yellow daisies shed their gold glow, Mrs. M. B. Byrd, Mrs. J. W. Grant and Mrs. R. H. Parker received. Here the guests, daintily decorated with heads of rabbits and yellow ribbons, were presided over by Mrs. L. R. Malone and Mrs. J. M. Stevens. Mrs. J. R. Young led the way into the parlors where under the direction of Mrs. M. A. Ellison and Mrs. L. R. Ford, a floral guessing contest ensued with tiny potted flowers as prizes. Here a profusion of white flowers gave a touch of sweet freshness. Mrs. J. L. Crawford limited the guests to the dining room where Mrs. J. D. Flowers and Mrs. W. R. Flowers served tea from a table exquisite in its appointments of pink and white. The centerpiece was an Easter lily surrounded by the forms of little rabbits. Honey suckles were also used in great profusion. Here hospitality was further dispensed by Mrs. R. D. Crawford, Mrs. M. F. Moody, Mrs. Ethel Wilkins and Miss Estelle and Miss Nell Green. The way to the hall was shown by Mrs. Helen Green, where Mrs. Charles Taylor, Mrs. W. B. Wilson and Miss Alice Watford distributed the souvenirs, rabbits tied with bright ribbons, from a table hidden in fastidiously of bamboo. Miss Mary Ella Flowers and Miss Winnie Saxon also presided to

the hall from a table loaded with an assortment of tempting canapés.

Mrs. Fella Walker is this afternoon a hostess of the D. A. Q. Club.

BASKET BALL TONIGHT

The Dothan High School and the Y. M. C. A. will meet on the latter playing court tonight in a game of basket ball. The challenge came from the High School and was quite a surprise to the Y. M. C. A. as they have not played a game since the one with Abbeville. Nevertheless as the High School boys have been undergoing some hard practice, this game promises to be one of interest. No admission will be charged and all are invited to come out.

The Y. M. C. A. has had three games this season but has had no opponent that could any ways compete with them. But the High School basket ball team is composed of Y. M. C. A. members of the high school and this game will no doubt be the best of the season. A small admission was charged in the other games of the season and there was a deficit in the expense due to the fact that Dothan fans were not loyal but as there is no expense to this game all will be admitted free. Let all come out and encourage the teams.

Misses Evelyn Young of Quitman, Ga., and Ida Chapman of Chickasaw, Ala., are visiting in the city the guests of Miss Sallie Belle Cooper.

HELPS TO CAPTURE BURGLAR

Youngster and Companion Follow a Robber Half a Mile and March Him to Jail

Kansas City.—Perhaps the fact that the father is a deputy sheriff had something to do with George Frey, fourteen years old, overcoming his boyish fears long enough to take a leading part in the capture of a burglar found in the Bryfogin home at Overland Park, Kan., a suburb of Kansas City. Other members of the family were away from the house when George and a companion, Harvey Hec, also fourteen years old, entered. They heard some one moving upstairs. "Shells it can't be nothing but Frey," said the father, and he went. A window was raised and the boys saw a man drop from an upstairs window and run. The boys seized shot guns and followed. After a half mile run they halted the man and marched him to a constable who took him to jail. The house had been ransacked but the arrival of the boys prevented the burglar from taking the loot he had gathered together.

SHIP MET A HERD OF DEER

Animals Were Swimming Delaware Bay to Escape Hunters According to Steamer's Crew

Wilmington, Del.—When the North German Lloyd steamer "Nectar" from Bremen bound for Philadelphia was going up Delaware bay it was forced to deviate from its course because of a herd of deer in the bay. Had it kept in the channel it would have killed several of the animals. The sight was the most unusual that the pilot and the officers of the liner ever witnessed. The deer were swimming rapidly for the New Jersey shore. They had evidently plunged into the bay from the Delaware side to escape from hunters. They made the swim in safety.

KUBELIK'S OLD VIOLIN SEIZED

Musicalian's Famous Guarnerius Instrument Held by Authorities on a Court Judgment

Bella Kubelik's famous Guarnerius violin has been seized by the authorities on an order from court to satisfy a judgment in favor of a London concert director. Kubelik offered his check in payment of the judgment but this was refused. He expects, however, to get his violin back before he goes to Vienna for an operation for appendicitis.

BOWMAN HELPED LUMBER COMPANY TO LAND CONTRACT

(Continued from Page One)

Center of the total under both administrations. Under the Gray, Smith Administration the company submitted the fourth of the total at Shreveville under the new contract. The company maintained all of them and the maintenance for the contract at Shreveville would have to be deducted from the 100,000 return to the state. During this it about \$10 per month for the 100,000. It would have amounted to less than \$1,000 per month. If these figures are correct then the new contract on the face was a much better one than the old. If the maintenance was made to work.

The Henderson Lumber Company still claims a considerable sum to be due it for purchases of supplies from the workmen from the company's quarries. These bills the company has a right to collect.

Convicts Cost \$10 Month Each. Question was raised also as to cost for county convicts employed in road work. The state paid for all of these and charged the company \$10 per month per convict.

Under the Oakley contract there was no physical classification of men and all were paid for at the rate of first class men. No deduction was made for time lost by the men the only deduction being made for Thanksgiving, Christmas and fourth of July when under the rules of the convict bureau the convicts cannot be worked. This matter is under controversy.

Mr. Watts testified that when he took it up in the presence of the governor and Mr. Oakley when the Tom Long charges were under investigation, telling them that it was a mere oversight in the contract and that his company had never been charged for any of the men on those days. Mr. Oakley said:

"I think it is right that you should have that deduction but I have heard in the past that you have not deducted any such order. If I did somebody would kick. The Oakley contract was largely the same under which both administrations except that Oakley would not allow classification under which arrangements some of the more or less physically unfit were paid for at \$10 and \$15 respectively in stead of the \$30 per month paid for the first class men."

CHAUTAUQUA FOR DOTHAN THIS YEAR

(Continued from Page One)

I want to say just here that not one cent of Dothan money will come to me. I am simply a tycoon and Chautauqua enthusiast and have been so ever since the Alhambra was first organized. I introduced tycoons in Florida when there were only six in Georgia and perhaps no more in Alabama. I organized and successfully ran the first Chautauqua at Bristol, Virginia, several years ago when I had never seen a Chautauqua. They did not know what a Chautauqua was and I am told that they have it yet.

I ran for years a tycoon in connection with my school in Gainesville, Florida, which the Alhambra says was perhaps the most successful ever run under its auspices. I admitted free of charge all the indigent families among poor boys and then families all the teachers and from hundred students and always paid out one year I promissed \$625 worth of attractions gave them \$425 gave away \$200 worth of tickets and it all closed \$300 in treasury. I have never served tycoon or Chautauqua bureau a year in my life but I have studied the subject and know how to run them.

Whilst no Dothan money will come to me and whilst Mrs. Willen will collect the money for tickets

and deposit it in your bank to be paid to the Chautauqua fund as it comes to Dothan of course she will be paid for her service. But I want to say that if she succeeds in putting a permanent Chautauqua in Dothan on a self sustaining basis the people will be indebted to her forever. May I be permitted to ask you to lend her a helping hand by giving her steps by phoning her subscription to the bidding her God speed in the good work. The price of a ticket is about twelve cents per performance for as fine a course as it has ever been my privilege to examine and which I shall ask you to do in your paper tomorrow.

Phone Mrs. Willen to call for your name. She does not want the money and she has secured the required number of names. It is a noble cause all Chautauqua bureaus are good and she is representing a Southern bureau under a Southern charter collected by Southern men and a bureau that is the pioneer in Southern territory.

TROUBLE AT WOMAN'S CLUE

Assertion That Husband Put on Shirt With One Sleeve Right Side Out Started Fuss

"My husband did the fooldest thing this morning you ever heard of. When he got up he put on his shirt with one sleeve right side out and the other wrong side out."

One sleeve wrong side out and the other—why Mrs. Jipes he couldn't possibly have done such a thing as that.

"Why not?"

"It's a physical impossibility."

"But I saw him do it."

"You thought you did but—"

"Well, like that?"

"Dispute my word do you? I'll let you know."

Say Mrs. Glimmer do you think anybody could put on a shirt with one sleeve right side out and the other wrong side out?"

He might if it was made that way, and otherwise.

"What did I tell you Mrs. Jipes?"

"That doesn't settle it. Mrs. Skimmerhorn says Mrs. Billy do you see anything absurd in the idea that a man can put his shirt on with one sleeve wrong side out and the other right side out?"

"Yes."

"I don't see how he could Mrs. Jipes."

"Well, I saw my husband do it."

Mrs. Curstone you believe me don't you? Of course I do. There's nothing absurd about that. There. Perhaps you'll— That doesn't decide it. Look here Mrs. Hunkins did you ever see any body wearing a shirt with one sleeve right side out and the other wrong side out?

I never did Mrs. Skimmerhorn but if Mrs. Jipes says so I've no reason to doubt it. Did you Mrs. Winters? No nor anybody else. So? Think I'm telling a falsehood do you? I didn't say so Mrs. Jipes but it's so perfectly absurd so manifestly impossible that—

Call! Call! (Here the gavel fell.) Ladies if you please we will resume the consideration of the question pertaining to changing the hour of meeting. A motion will be in order.
